

Curriculum Vitae

Farid Azmoudeh Ardalan, MD, Pathologist

Cancer Institute, Tehran University of Medical Sciences.

Telephone: +98-21-22583942

Mobile: +98-912-1055232

e-mail: azmoudeh@sina.tums.ac.ir

azmoudeh@gmail.com

Nationality: Iranian

Date of Birth: 9/3/1968

Gender: Male

Marital Status: Married

Children: One

Educations

2005, Tehran University of Medical Sciences, Iran, Fellowship of Medical Education.

1994-1999, Tehran University of Medical Sciences, Iran, Board of Clinical & Anatomical Pathology. (First rank in the 46th national board examination, 1999)

1985-1992, Tehran University of Medical Sciences, Iran, MD degree.

Professional Experiences

2016 to present, Professor of Pathology, Cancer Institute, Tehran University of Medical Sciences

2008 to 2016, Associate Professor of Pathology, Tehran University of Medical Sciences

1999 to 2008, Assistant Professor of Pathologist, Central Pathology Department of Imam Khomeini Hospital, Tehran University of Medical Sciences

2002 to present, co-operation with liver transplantation team of Tehran University of Medical Sciences as the pathologist of the team

1992-1994, practicing physician of autopsy room and medical examinations division, Legal Medicine Organization of Iran

Publications

Oral Presentations

Iranian society of pathology, GI pathology symposium, 20 January 2022:

“Diagnostic approach to the liver mass”

Iranian association of surgeons one-day scientific conference, December 2021:

“Updates of sampling in breast masses”

Iranian society of pathology, Glial and glioneuronal tumors symposium, 18 November 2021:

“Low-grade glioma”

The 23rd Iranian nuclear medicine annual congress, 27-29 November 2019:

“PT/CT in colorectal cancer, panel discussion”

The 5th Tehran hepatopancreatobiliary & liver transplantation congress, 20-21 November 2019:

“Management of liver transplanted patients within the first post-operative year, panel discussion”

The 18th congress of Iranian society of medical oncology & hematology. Tehran, Iran. November 14-16 2019:

“Colorectal carcinoma, panel discussion”

The 19th Iranian congress of gastroenterology and hepatology. November 5-8, 2019:

“Digestive neuroendocrine tumors, panel discussion”

The 21st annual congress and the 4th international congress of pathology and laboratory medicine. September 25-27 2019:

“Approach to biopsy of non-neoplastic liver disease in adults”

“Colitis and Colorectal polyps, panel discussion”

The 10th congress of colorectal cancer, Tehran, Iran. August 7-8 2019:

“Metastatic colorectal cancer, panel discussion”

Clinicopathologic correlation in hepatitis, Tehran, Iran. June 13 2019:

“Infectious and granulomatous hepatitis”

The 43rd annual congress of Iranian surgeons. June 8-12 2019:

“Esophageal cancer, panel discussion”

The 29th congress of cancer institute of Iran, Feb 27-28 2019:

“Metastatic colon cancer, panel discussion”

The 20st annual congress and the 3rd international congress of pathology and laboratory medicine. December 5-7 2018:

“Pathology of liver transplantation, slide seminar”

Advances in management of low grade lymphoma, Tehran, Iran. November 28 2018:

“Classification of low grade lymphoma”

Diagnostic and therapeutic advances in metastatic breast carcinoma, Tehran, Iran. August 16 2018:

“Metastatic breast cancer, panel discussion”

The 9th congress of colorectal cancer, Tehran, Iran. August 1-2 2018:

“Colorectal cancer, Panel discussion”

The 19st annual congress and the 2nd international congress of pathology and laboratory medicine. December 27-29 2017:

“Hepatic pattern of liver injury”

The 4th international congress of hepatobiliary diseases and liver transplantation, Tehran, Iran. Oct 31- Nov 3 2017:

“Histopathology of antibody-mediated rejection, Banff update”

The international congress of early detection and prevention of cancer, Tehran, Iran. Jan 28-30 2017:

“Familial breast cancer, Panel discussion”

The 18st annual congress and the 1st international congress of pathology and laboratory medicine. Jan 4-6 2016:

“Histopathology of hepatocellular carcinoma”

The 27th congress of cancer institute of Iran, Dec 21-23 2016:

“Consultation in surgical pathology”

Diagnostic and therapeutic advances of non-metastatic breast cancer August 4 2016:

“Locally advanced breast cancer, panel discussion”

The annual congress of pathology and laboratory medicine. Nov 25-27 2015:

“Application of statistics in laboratory medicine, workshop”

The 17th annual congress of pathology and laboratory medicine of Iran. December 12 2014:

“Pathology of hepatobiliary and pancreas”

Breast cancer research center monthly conferences, January 6 2011:

“Application of frozen section in breast carcinoma”

The 3rd Tehran Breast Cancer Congress, June 30-July 2 2010:

“FNA of Benign Breast Lesions”

Updates on colorectal carcinoma. April 29-30 2009:

“Pathology of colorectal carcinoma”

Updates on liver transplantation. July 8-9 2007:

“Surgical Pathology of Liver Transplantation”

The 3rd Colposcopy & Cervical Pathology Workshop. Jan 11-12 2007:

"HPV typing (Hybrid Capture II and PCR)"

The 8th congress of Iranian Society of Pathology and 2nd congress of Iranian Cancer Association. November 2-4 2006:

"Clinicopathologic significance of progesterone receptor and thymidine phosphorylase in colorectal carcinoma"

"Measurement of hepatic iron concentration in thalassemic patients as a standard method for determining total body iron store"

"Early detection of myocardial infarction in autopsied hearts using the troponin and fibronectin markers"

Updates on kidney transplantation. July 8-9 2006:

"Pathology of Transplanted Kidney"

Pathology congress of Iran. December 21-23 2004:

"Correlation of serum alanine transferase level and histopathologic findings in Chronic Hepatitis C"

Challenges in Hepatitis B viral infection. Tehran Oct 10 2004:

"Liver Biopsy"

The 14th congress of Iranian Internal Medicine, May 19-22 2003:

"Successful treatment of a transplanted HBV infected cirrhotic patient with Lamivudine and intramuscular HBIG in Imam Khomeini Hospital: a case report"

Iranian Annual Pathology Congress, Oct 26-31, 2002:

"Angiocentric immunoproliferative lesion (AIL)"

"Evaluation of management standards in microbiology units of medical laboratories in Tehran, 2001-2002"

"Hydatid disease of femoral bone: a case report"

Iranian Annual Pathology Congress, Nov 2000:

"Clinical significance of systematic errors in blood gas analyzers"

Iranian Annual Pathology Congress, Oct 1999:

"A practical method for quality control of blood gas analyzers"

"Quality control of hematology cell counters"

Poster Papers

The 1st scientific meeting of Mutographs, 11-12 July 2019, IARC, Lyon, France

- **Pathology of 5000 cancers: The transformation from "tissue" to "DNA"**

The 3rd Tehran Hepatopancreaticobiliary and liver transplantation congress, 4-6 November 2015, Tehran, Iran

- **Cytomegalovirus pancreatitis and cholangitis masquerading as ampullary region neuroendocrine tumor**

- **Noncirrhotic presinusoidal portal hypertension accompanied with liver cell failure**
- **Histopathologic Findings of Time-Zero Liver Needle Biopsies In Prediction Of Graft Survival**
- **Signet Ring Cell Carcinoma of the Ampulla of Vater, An Extremely Infrequent Pathological Finding**
- **Fasciola hepatica in explanted cirrhotic liver in a patient with chronic hepatitis B An incidental finding**
- **The Association between Early Post-Transplant Model for End-Stage Liver Disease (MELD) Score and Long-Term Outcome in Allograft Liver Transplant Recipients**

The 25th anniversary of liver transplantation, 4-6 Dec 2013, Ankara, Turkey

- **Can Routine Laboratory Findings Predict Potential Complications After Liver Transplantation?**

The 12th Congress of the Middle East Society for Organ Transplantation, Oct 18-21 2010, Tunis, Tunisia

- **Evaluation of QuantiFERON- TB Gold & Tuberculin skin test for the identification of Latent Tuberculosis Infection in the transplant would be recipient patients, In Tehran, Iran.**

The 11th Congress of the Middle East Society for Organ Transplantation, Nov 17-20 2008, Shiraz, Iran

- **Experience of the first 27 liver transplantations in Tehran University of Medical Sciences, Failures and Successes**

10th annual congress of Iranian Pathology & 4th Congress of Iranian Cancer Association, Oct 22-24 2008, Tehran, Iran

- **Detection of EBV by chromogenic in situ hybridization in cases of extrahepatic biliary atresia.**

Iranian Annual Pathology Congress, Dec 2005

- **Liver histopathology of fatal phosphine poisoning**

The 4th Iranian International Congress of Gastroenterology and Hepatology and The 2nd International Congress of From Bed to Bench in Gastroenterology and Liver Disease, Tehran 5-7 December 2004

- **Synergic Effect of Chronic Hepatitis C Infection and Beta Thalassemia Major with Marked Hepatic Iron Overload on Liver Fibrosis: A Retrospective Cross-Sectional Study**
- **The Correlation of Hepatic Stainable Iron and Hepatic Iron Concentration: A Prospective Cross-Sectional Study**

The first Islamic countries' legal medicine congress, Tehran 23-25 Jun 2004

- **Role of different factors in determining transplantation priority in cirrhotic patients waiting for liver transplantation in Imam Khomeini Hospital from 2001 to 2003**

Iranian Annual Pathology Congress, 26-31 Oct, 2002

- **Congenital hepatic fibrosis: case report and review of literature**

Iranian Annual Pathology Congress, Nov 2000

- **Uterine Papillary Serous Carcinoma (UPSC) after radiation**
- **Fasciola hepatica: report of an interesting case**

Interests

Liver, GI and transplantation pathology, oncologic neuropathology, breast pathology

Medical education

Genetics and molecular pathology

Computer sciences and statistics
